
Noontime Seminar Series:
An Introduction to
Computational Biology & Bioinformatics
Every other Monday 12:00 - 1:00, April 5th through July 26th

- April 05: **11:50: Introductory Remarks**
TP Straatsma, Computational Biosciences, TGL
12:00: Cryptography & Linguistic Analysis (G. Michaels)
Battelle Auditorium
- April 19: 12:00: **Protein & DNA Sequence Analysis** (B. Webb-Robertson)
WSU Tri-Cities
- May 03: 12:00: **Proteomics Analysis** (G. Anderson)
Battelle Auditorium
- May 17: 12:00: **Protein NMR & Crystallography** (M. Kennedy)
Battelle Auditorium
- May 31: HOLIDAY – NO LECTURE**
- June 14: 12:00: **Low Dose Radiation Research Program** (J. Miller)
WSU Tri-Cities - TBD
- June 28: 12:00: **Biological Network Modeling** (H. Resat)
Battelle Auditorium
- July 05: HOLIDAY - NO LECTURE**
- July 12: 12:00: **Physiologically Based System Modeling** (C. Timchalk)
Battelle Auditorium
- July 26: 12:00: **Biomolecular Modeling & Simulation** (TP Straatsma)
Battelle Auditorium
